

2019-2020 Indian Railways

भारतीय रेलवे

Indian Railways

The Indian Railways is the largest railway network in the world, covering a vast area of the Indian subcontinent. It is a public sector enterprise, owned and operated by the Government of India. The network is the backbone of the Indian economy, providing a means of transport for millions of people and goods. It is a vital link between the different parts of the country, facilitating trade and commerce. The Indian Railways is a symbol of national pride and unity.
